**OF THE EU-JORDAN ASSOCIATION COMMITTEE**

**of 04/12/2018**

**amending the provisions of Protocol 3 to the Euro-Mediterranean Agreement  
establishing an Association between  
the European Communities and their Member States, of the one part,  
and the Hashemite Kingdom of Jordan, of the other part,  
concerning the definition of the concept of 'originating products' and the list  
of working or processing required to be carried out on non-originating materials  
in order for certain categories of products,  
manufactured in the territory of the Hashemite Kingdom of Jordan,  
and connected with generating employment for Syrian refugees  
and Jordanians, to obtain originating status**

THE EU-JORDAN ASSOCIATION COMMITTEE,

Having regard to the Euro-Mediterranean Agreement establishing an Association between the European Communities and their Member States, of the one part, and the Hashemite Kingdom of Jordan, of the other part, (the 'Agreement'), and in particular Article 94 of the Agreement and Article 39 of Protocol 3 to the Agreement,

Whereas:

- (1) Since the entry into force of Decision No 1/2016 of the EU-Jordan Association Committee<sup>1</sup> until March 2018, eleven companies registered to benefit from the relaxed rules of origin scheme.
- (2) Between January 2016 and October 2018, the Hashemite Kingdom of Jordan ('Jordan') issued over 120 000 work permits to Syrian refugees, of which approximately 42 000 were active work permits during the third quarter of 2018.
- (3) In December 2017, Jordan presented the first annual report on the implementation of Decision No 1/2016, concerning the definition of the concept of 'originating products' and the list of working or processing required to be carried out on non-originating materials in order for certain categories of products, manufactured in the territory of Jordan, and connected with generating employment for Syrian refugees and Jordanians, to obtain originating status.

---

<sup>1</sup> Decision No 1/2016 of the EU-Jordan Association Committee of 19 July 2016 amending the provisions of Protocol 3 to the Euro-Mediterranean Agreement establishing an Association 'between the European Communities and their Member States, of the one part, and the Hashemite Kingdom of Jordan, of the other part, concerning the definition of the concept of originating products' and the list of working or processing required to be carried out on non-originating materials in order for certain categories of products, manufactured in dedicated development zones and industrial areas, and connected with generating employment for Syrian refugees and Jordanians, to obtain originating status [2016/1436] (OJ L 233, 30.8.2016, p. 6).

- (9) There should also be a possibility of temporarily suspending the application of the Annex to this Decision with respect to any of the products listed in Article 2 of the Annex to this Decision imported in such increased quantities and under such conditions as to cause, or threaten to cause, serious injuries to Union producers of like or directly competing products in all or part of the territory of the Union or serious disturbances in any sector of the economy of the Union, in accordance with Articles 24 and 26 of the Agreement.
- (10) This Decision should be valid for a limited period sufficient to provide an incentive for additional investment and employment generation and should therefore expire on 31 December 2030.
- (11) The achievement by Jordan of its objective of creating at least 60 000 legal and active job opportunities, in particular corresponding to active work permits or other measurable means corresponding to legal and active employment determined by the Association Committee, for Syrian refugees would also represent a significant milestone. Accordingly, when this objective is achieved, the Union and Jordan should, also taking into account the modernisation of the Regional Convention on pan-Euro-Mediterranean Preferential Rules of Origin, extend the coverage of this Decision to include all production in Jordan of products covered by this Decision without the need to satisfy the specific conditions set out in Article 1(1)(b) of the Annex to this Decision.

- (15) Jordan will take necessary steps towards facilitating investment and improving the overall business climate. To that end, Jordan will adopt and implement an action plan in close consultation with the European Union. In particular, Jordan will create stronger synergies between public sector entities, the private sector and donors, in an effort to improve the business environment and attract investment. To complement this action, the international community will provide firm-level assistance and programmes, aimed at increasing the export capability of Jordanian firms in sectors where the country has a competitive advantage in the global market.
- (16) Jordan will ensure regulatory predictability, with the aim of reducing red tape and costs for investors. This includes the development of incentives for business formalisation, streamlining the process for company registration, adopting a stable legal infrastructure for insolvency, corporate taxation, bank lending, as well as developing non-bank financial institutions, and reducing the administrative burden for companies requiring an export license.

*Article 1*

1. Annex II(a) to Protocol 3 to the Agreement, containing the conditions for application and the list of working or processing required to be carried out on non-originating materials in order for the product manufactured in Jordan connected with the additional employment of Syrian refugees to obtain originating status, is hereby replaced by a new version of Annex II(a) to Protocol 3 to the Agreement, contained in the Annex to this Decision.
2. Annex II(a) to Protocol 3 to the Agreement shall apply until 31 December 2030.

*Article 2*

The Annex shall form an integral part of this Decision.

6. Where the verification procedure or any other available information appears to indicate that the conditions set out in paragraph 1 are not fulfilled, Jordan shall, on its own initiative or at the request of the European Commission or the customs authorities of the Member States, carry out appropriate inquiries or arrange for such inquiries to be carried out with due urgency to identify and prevent such violations. 10. (a) Without prejudice to paragraphs 8 and 9, the Union may, if it considers that there is insufficient evidence of Jordan or any specific production facility complying with the conditions set out in paragraphs 1, 2 and 3, refer the matter to the Association Committee. That referral shall identify whether the failure to comply with the conditions set out in paragraph 1 is attributable to Jordan or any specific production facility.
- (b) If the Association Committee fails to declare within 90 days of the referral of the matter that the conditions set out in paragraph 1 are met or to amend this Annex, the application of this Annex shall be suspended. The extent of the suspension shall be that identified in the referral of the Union to the Association Committee.
- (c) The Association Committee may also decide to extend the 90-day period. In that case, the suspension shall take effect where the Association Council has failed to take any of the actions identified in point (b) within the extended period of time.

G. Entry into force and application

12. This Annex shall apply from the day of entry into force of the Association Committee decision to which it is attached and shall apply until 31 December 2030.
